Wildflower Turf Roof Plus - Seed Specification

GRASSES

- Crested Dogstail
(*Cynosurus cristatus*)
- Slender Creeping Red Fescue
(*Festuca rubra ssp. littoralis*)
- Sheep's Fescue
(*Festuca ovina*)

FLORA

- Autumn Hawkbit
(*Scorzoneroides autumnalis*)
- Birdsfoot Trefoil
(*Lotus corniculatus*)
- Black Medick
(*Medicago lupulina*)
- Bladder Campion
(*Silene vulgaris*)
- Clustered Bellflower
(*Campanula glomerata*)
- Common Knapweed
(*Centaurea nigra*)
- Common Poppy
(*Papaver rhoeas*)
- Common Spotted Orchid
(*Dactylorhiza fuchsii*)
- Common Toadflax
(*Linaria vulgaris*)
- Common Vetch
(*Vicia sativa ssp. segetalis*)
- Corncockle
(*Primula veris*)
- Cornflower
(*Centaurea cyanus*)
- Cowslip
(*Primula veris*)
- Hoary Plantain
(*Plantago media*)
- Lesser Stitchwort
(*Stellaria graminea*)
- Musk Mallow
(*Malva moschata*)
- Perforate St John's-wort
(*Hypericum perforatum*)
- Rough Hawkbit
(*Leontodon hispidus*)
- Self-heal
(*Prunella vulgaris*)
- Scarlet Pimpernel
(*Anagallis arvensis*)
- Sheep's-bit
(*Jasione montana*)
- Small Scabious
(*Scabiosa columbaria*)
- Thrift
(*Armeria maritima*)
- Viper's Bugloss
(*Echium vulgare*)
- Wild Basil
(*Clinopodium vulgare*)
- Wild Marjoram
(*Origanum vulgare*)

- Wild Pansy
(*Viola tricolor*)
- Wild Red Clover
(*Trifolium pratense*)
- Wild Thyme
(*Thymus polytrichus*)
- Yarrow
(*Achillea millefolium*)
- Yellow Rattle
(*Rhinanthus minor*)

SEDUMS

- White Stonecrop
(*Sedum album*)
- Yellow Stonecrop
(*Sedum ellacombianum*)
- Bailey's Gold Stonecrop
(*Sedum floriferum*)
- Mongolian Stonecrop
(*Sedum hybridum*)
- Pink Stonecrop
(*Sedum pulchellum*)
- Blue Stonecrop
(*Sedum reflexum*)
- Tasteless Stonecrop
(*Sedum sexangulare*)
- Dragon's Blood Stonecrop
(*Sedum spurium*)

Soil-less turf specification

- Minimum order - no minimum order.
- Stock held all year. We require 3 working days to organise lifting and delivery.
- Roll size - 077 x 1.62m (1.25m²)
- Weight - 20kg depending on maturity and moisture content of turf.

Biodiversity

- The turf naturally produces a bio-diverse habitat supporting birds, mammals, bees, butterflies and other invertebrate species.
- Additionally using Wildflower Turf will help to fulfil many modern requirements: Green corridors, BREEAM points, the Code for Sustainable Homes, drought tolerance, carbon and pollutant capture to name a few.
- In this seed mix there is a total of 31 flowering perennials, 8 species of sedum and 3 grasses.

Sustainability

- To produce this environmentally beneficial product, every effort is made to source sustainable ingredients, for example composted green waste and organic nutrients, as well as carefully monitoring all inputs such as electricity and water.
