- **61%** thought the lead & opportunities created were very important.
- **70%** agreed the better prices gained was very important.

Wildflower Turf featured extensively at the 2012 Olympic Games.

Why you should consider becoming a Wildflower Turf Accredited Partner.

Wildflower environments offer the landscaping professional enormous potential to grow their business.

Yet, wild flowers are notoriously difficult to establish and as a result there is evidence that landscape professionals have been reluctant to take on wild flower projects.

Wildflower Turf are the UK's leading specialist supplier of Wildflower Turf products. We are pleased to help landscaping professionals with our unique Accredited Partner Scheme, that trains and supports landscapers in offering a wild flower solution to their clients.

The Accredited Partner Scheme gives unrivalled insight and training in how to deliver a guaranteed wildflower environment.

As a Wildflower Turf Accredited Partner you gain the following key benefits:

- Extensive training in delivering successful wild flower landscapes.
- Exclusive discounts on the full range of Wildflower Turf products.
- Referrals from Wildflower Turf Ltd for jobs as Accredited Partners.
- Access to a dedicated Accreditation Manager from Wildflower Turf Ltd.
- Extensive online and offline marketing support to promote your expertise and status.

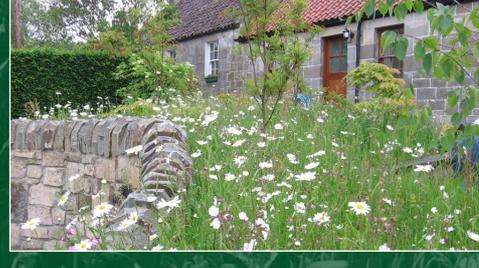

Is your business missing out?

Improving biodiversity in landscaping projects is a key objective for many customers and specifiers.

Regulations such as BREEM and The Code for Sustainable Homes are driving demand for wild flower landscapes.

Wild flower areas provide essential environments for pollinators such as honeybees.

Wild flower landscapes offer twice the carbon storage capabilities, compared to most woodland, according to The Grassland Trust.

Whatever the size and scale of the project, a wild flower environment can be guaranteed through the successful application of Wildflower Turf.

As a Wildflower Turf Accredited Partner you will receive:

- Extensive practical training from recognised experts.
- Marketing Support to promote your skills.
- Unique discounts on the full range of Wildflower Turf products to give you a competitive advantage and win jobs.

- Referrals from Wildflower Turf Limited to give you access to relevant jobs.
- Access to a dedicated Accreditation Manager.
- Extensive online support to help you promote your business and extend your skills.

For further information about becoming an Accredited Partner, please contact Wildflower Turf today using the details below.

Accreditation training is seasonally restricted, with a limited number of places.
